

Make your flavored beer by pressing the switch.

Enjoy a flavored beer with creamy and fine foams. It's so simple to make. Insert the beer former into the beer, and press the button. Ultra-fine foams fill the glass by ultrasoud.

*If the carbonation in the beer is completely out, no foams will be produced.

After use, rinse it thoroughly with water or lukewarm water. Store away from high temperatures, high humidity and direct sunlight.

*Do not scrub hard with a scrubbing or brushing brush.
*The grip is not waterproof, so do not pour water or lukewarm water directly on it.
